

# Library Resources at Grace Lutheran Church

Grace has an extensive collection of books, music CDs, and DVDS available for checking out. We ask that borrowed items are returned in a timely manner to the shelf with the green sign. There is also a sign-out sheet on a clip board on the left end of the bookshelves.

The collection is grouped alphabetically by author into the following categories (and designated on the books' binding with colored dots):

- Fiction: novels written with a Christian perspective
- Non-fiction: a broad variety of Christian writings
- Devotionals/Prayer/Family & Self Guidance: a large collection devoted to improving one's relationship with God and with others.
- Children: includes picture books and books for young readers
- Youth & Teen: chapter books, graphic novels, and Bibles in teen-friendly formats
- Bibles: this collection has Bibles for targeted groups, as well as texts to help study and interpret the Bible

DVDs: this collection includes movies, documentaries, bible studies, and shows for children

CDs: Christian music located on the top shelf on the right side

*COMING UP: look to this site for reviews, and introductions of new material!*
